My Theory and Treatment Are new and different from any one in the United States, and I challenge any one to produce the same success that I have met with in treating Chronic Diseases. My theory is based upon the chemical operations of the body, believing diseases to depend upon a disproportioned condition of the fluids of the body, whereby the solids become unhealthy by analysing the secretions, blood, &c., of the body, and finding out what is deficient or in excess and supplying to the system what is wanting. I am enabled to cure often by a small amount of medicines, where the patient had been drugged with medicines for

ne patient had been drugged with medicines for ong years to no effect. Now Dyspepsio, in the great majority of cases, de ends mainly upon a disproportioned state of the astric or digestive fluids of the stomach. When partie or algestive fluid is proportioned properly, the food is thoroughy digested and assimilated. Viewing Dyspessia by the rules of Chemicopathology, and giving treatment accordingly, I am enabled to cure 49 one real ment accordingly, I am enabled to care 42 cuses out of 50, and 19 cases out of 50 of Consumption, Asthma, Bronchitts and Laryngitis, and Liver Complaint, Piles, Neuralgia, Dizziness or Sick Headsone, Nervous Debility and Female Diseases—in overy case a cure, and other diseases proportionately.

CONSUMPTION. 237-Dr. McMillen uses an improved Inhaling In rument for the cure of Consumption, Asthma liron bitis and Laryngitis; by this we can make as good good an application to the discased Lung and broat as we could to a sore anywhere on the exte-

for of the body. Dr. M. uses pure Chemicopathic and Botanic Rem edie . He gives a mild tonic treatment which acts chemically, and assists Nature to free heraelf. One unce of assistance to Nature is worth a pound of

poisonous drugs to the disease.

If your Lungs are diseased try Dr. McMillen's In-haling Instrument, and Chemicopathic Remedies the only correct principle of applying remedies to the diseased Lung-before giving spall hopes of a cure. I expect to travel this route for some years

and pledge myself to be candid and deal honorable with all who call upon me.
